C. OF C. NEWS

ATTEND CONVENTION:—

The following attended the 20th Annual Convention of the West Texas Chamber of Commerce at Wichita Falls, Texas this week:

Tate May, W. E. Benson, Juanita Harbert, Mrs. G. P. Odom, R. H. McCurdy, Mrs. R. H. McCurdy, Seth Robinson, Kurt Schoemann, Ruby Thompson, and Earl Smith. Juanita Harbert was Hamlin's representative in the "My Home Town Contest." There were 56 contestants this year from as many towns. In the words of C. M. Caldwell, the Judges made 53 mistakes,—only 3 could win prizes, and Mr. Caldwell says that all contestants were winners in his estimation.

Outstanding on the program was addresses by Mr. La Guardia, Mayor of New York City and our Junior Senator, the Hon. Tom Connally.

ATTENTION FARMERS:

Through the efforts of our Agricultural Committee, the bran for poisoning grasshoppers will be stored at Home Lumber Co., and this is to advise all farmers of this area that ample bran will be stored here for your needs.

COMMUNITY BASEBALL:

The Trade Extension Committee advises that plans are fast taking shape now, for above sport, to start the 1st Saturday in May. Four teams have already signified their willingness to join in the program. This is to continue through the months of May, June, July and August.

Rev. and Mrs. C. E. Leslie, of Hermleigh, came over Monday to spend a little visit with Mr. and Mrs. John T. Day and other friends. Mrs. Leslie, before her marriage, was Mrs. J. R. Wilson.

Mrs. Edna Brooks, accompanied by Mr. and Mrs. Loyd Holifield and little son, of McCamey, spent the week end here on business.

When I was a boy of fourteen, my father was so ignorant I could hardly stand to have the old man around. But when I got to be twenty-one, I was astonished at how much the old man had learned in seven years.—Mark Twain.

If you can find time to grumble it is because you aren't keeping very busy.

NEINDA CEMETERY

All interested in the Neinda Cemetery are asked to come Saturday, May 14 and bring suitable tools to help work the Cemetery. If you cannot come, a cash donation will be appreciated and will be used to have work done. Leave your donation at the F. & M. Bank or give to C. C. Renfro or Fred Britton.

Mr. and Mrs. F. C. Whatley, of Houston and G. W. Whatley of Calvert, were here Saturday and Sunday to visit their sister Mrs. O. G. Ebert and husband.

Mr. and Mrs. Marvin Culbertson and family of Vernon, and Mr. and Mrs. Paul Fraser of Rotan, were week-end guests in the home of their parents, Mr. and Mrs. J. C. Culbertson.

"MAIL FOR THE WEST!" The Wells Fargo stage coach is ready to gallop its precious cargo across the danger-ridden plains. In "WELLS FARGO," Ferguson Theatre, Sunday and Monday.

Hamlin-Rotan Highway Assured In Recent Order Of Highway Commission Ten Year Battle Won

Last Saturday afternoon the information was conveyed to Hamlin and Rotan, by the press, that the Highway Commission had granted the application of Hamlin and Rotan delegations for an appropriation to have Highway No. 92 extension from Hamlin to Rotan hard-surfaced.

This much talked of road has been in the minds of Hamlin and Rotan people for more than ten years. Fisher county has spent a lot of money on improving the road and the progress of getting state designation and state aid improvements has been slow from some cause. Now that victory is in sight there is just grounds for these two good communities to rejoice.

But previously to the press information, Mr. Waggoner had received a letter from Mr. Hines, member of the Commission, telling him that the road was to be improved. Mr. Hines has visited this part of District No. 8 and he has all along recognized the need of connecting these two communities with a good road. He and other members of the Commission have the gratitude of all the people in Hamlin and the north side of Fisher County for this grant.

The order calls for the following according to the Abilene Reporter-News:

"Orders by the Highway Commission for five construction projects of Rotan to the Fisher-Jones maintenance jobs to cost \$24,100 in division 8, have been received here by S. J. Treadway, division engineer.

"The construction order is:
"Highway 92, from 5.3 miles east of Rotan to the Fisher-Jones county line grading and drainage structures, estimated cost \$102,000.

"Highway 92, from Fisher-Jones line to Hamlin (grading and drainage structures, 3,850.

"News of approval of the highway 92 projects between Hamlin and Rotan was especially gratifying to citizens of those towns, who said they had been working 10 years to get the route improved. A delegation representing those towns appeared before the highway commission Monday.

"In the delegation were L. E. Newton, Howard Davison, W. E. Taylor and J. E. Barker of Rotan and Bowen Pope, chamber of commerce committeeman, and W. C. Russell, C. of C. president, of Hamlin. Highway 92 is graveled from Rotan east 5.3 miles. The new construction will improve the remainder of the route to Hamlin. On this stretch of highway there are three oil fields—Hamlin, Howard and Rotan."

ELEMENTARY P.-T. A.

Thursday afternoon at 3:45, May 5, the Elementary P.-T. A. will have their last P.-T. A. program for the year. The following program will be given:

Chorus, Junior Choral Club; readings, from Mrs. Hefflin Miller's Expression Department; numbers, Rhythm Band; numbers by Schubert Music Club; accordion number, Mrs. McCrary and Bert Fuler.

Mrs. Newman Bender left Monday for her home in San Bernardo, California, after a two weeks visit at McCauley with her parents, Mr. and Mrs. Frank Maberry, and with Mr. and Mrs. Geo. H. Bender, of Hamlin. Mrs. Bender is highly pleased with their California home.

Hamlin Oilers Developing Into Major Base Ball Standing

Base Ball is in the air along with the balmy spring breezes. Right here in and about Hamlin is developing one of the strongest teams in this part of Texas—the Hamlin General Crude Oilers.

This Sunday they are meeting the fast Sweetwater team on the Hamlin lot, after playing that city last Sunday to the tune of 5 to 3. It was some good game, if reports are correct, and the score bears out that idea.

The outstanding batters for that game were for Sweetwater—LaRue for three hits at four time to bat, and for Hamlin—Al Jennings two hits with four times at bat and Runt

McCoy two hits for five times to bat. Pitcher Smith for Sweetwater struck out only three Oilers in the one, two, three style, while Courtney for Hamlin sent back to the dog house eleven of the "Sweeties." It is a good game when teams get only eight hits each and just three errors each. On that score th teams tied.

This Sunday in Hamlin the probable line up will be for Lefty Courtney pitching and Bradford catching. Sweetwater will likely use Smith and La Rue.

Sweetwater will do her best to even the game with Hamlin while on the Oilers own home lot.

For District Attorney

HON. HOWARD C. DAVISON
of Rotan, Texas

Representative Howard C. Davison (sometimes called "Red" Davison), who is retiring this year from the State Legislature after serving two terms for Fisher, Nolan and Mitchell counties, announced here Thursday that he is a candidate for District Attorney of the 104th Judicial District of Texas, composed of Jones, Taylor and Fisher counties, subject to the July 23rd primary. His brief formal statements are as follows:

"I submit my candidacy to the people of Fisher, Jones and Taylor counties with the pledge that if elected I will give to the office the very best efforts of which I am capable. I shall consider every matter and investigate violations of the law carefully, and conscientiously, that justice may be done every person; that criminals may be prosecuted and not persecuted; that the sanctity of the law be upheld at all times and that the interests of society be protected to the fullest extent."

Further information concerning Mr. Davison we learn that with four opponents, he polled more than eighty per cent of the votes cast in his home county when he first ran for the legislature in 1934. He is the second man, since the county was organized in 1883 to be elected to the legislature from Fisher County. He was re-elected for his second term without opposition. He represents the 117th legislative district, composed of Fisher, Mitchell

Jones and Fisher Counties! and Now, THEREFORE BE IT RESOLVED, by the Rotan Luncheon Club, assembled this 26th day of April, 1938, that we express our most sincere appreciation to each individual member of the Honorable Highway Commission for the action taken in designating the funds to complete unit one of said highway; and

BE IT RESOLVED FURTHER, that a copy of this resolution be sent to each member of the Highway Commission, to the Chief Engineer, and to the Division Engineer of this district.

and Nolan counties. He was born and reared in the McCauley community, Fisher County. He attended school there and at Hamlin and was graduated from Abilene high school in 1927 and from Hardin-Simmons University in 1931. He taught school two years in Fisher County. He is married and is the father of a two-year-old daughter. He is engaged in the practice of law at Rotan; and has practiced in Fisher County since the spring of 1935. Mr. Davidson will try to see each voter if possible before the Primary.

PEGGY JANETTE TOWNSEND

The home of Mr. and Mrs. W. R. Townsend in the Hitson community was saddened Saturday morning, April 16, when death came and took from them their dear baby girl, Peggy Janette, who was 23 days of age. Only a short time had she been given to bless this home and lives of other relatives and friends, and then God called her to be with Him in that eternal home, where loved ones, when called, may go to join her.

Besides the mother and father, she leaves two sisters, Donnie Mabel and Mena Rhea, and four brothers, Donnell, James, Weldon and Clifton. The funeral service was conducted Easter Sunday afternoon at 2:30 o'clock, by the pastor, Rev. D. G. Reid, assisted by Rev. James Alexander, of Abilene.

Burial was under the direction of the Barrow Funeral Home.

PIANO TOURNAMENT MAY 12, 18, 14

The Abilene unit of the Fifth Annual National Piano Playing Tournament, sponsored by the Abilene chapter of the National Guild of Piano Teachers, will occur May 12, 13, 14 at Hardin-Simmons University, it was announced yesterday by E. Edwin Young, gen. chairman.

Piano pupils of all ages and stages of advancement in and near Abilene will appear and play for local, district, state or national honors. The highest goal will be to play creditably from memory before an examiner of note a program of ten compositions of early and late classic, romantic, and modern literature for the piano for which achievement each pupil so doing will win a place upon the 1938 National Honor Roll of Piano Students and will be awarded the Gold Seal National Honor Roll Certificate by the Guild. The State Honor Roll will be attained by each entrant who ably plays seven pieces from memory, while those who enter a four piece group will place upon the District Honor Roll. Pupils with only two memorized selections will be awarded a certificate of rating, commendable for 70 per cent, Good for 80 per cent, Excellent for 90 per cent, and Superior for 95 per cent averages.

Coincident with the Abilene tournament, similar events will be taking place in sixty cities of the nation from Boston to San Diego, including New York, Philadelphia, Washington, Pittsburgh, Cleveland, Dallas, Houston, San Antonio, Los Angeles, Oakland and others.

The purpose of the movement is to stimulate interest in artistic piano playing in the United States, it was said. Originating in Texas in 1929, National Piano Playing Tournament headquarters are now in New York, 745 Riverside Drive.

Musicians of prominence constituting the National Board, include Edwin Hughes, Charles Wakefield Cadman, Homer Grunn, Carl Wiesemann, Abby De Avirett, Olga Steeb,

Elizabeth Simpson, Adelaide Trowbridge Perry, Elizabeth Gest, Helene Diehrichs, LeRoy B. Campbell, Howard Wells, Edwin Gemmer, Dr. Franklin Stead and John Thompson.

Members of the local committee are: Mrs. C. M. Lester of Stamford, Miss Edwina Gilbert of Hamlin, Wilda Dragoo of Eastland, Mrs. Cecile Meskimen, Thurman Morrison and E. Edwin Young all of Abilene.

Curiosa Americana

Spoonerisms

ONE day in the early part of the Nineteenth century members of the New York legislature in session at Albany were listening sleepily to a long-winded orator who was droning on and on in support of some piece of legislation. Suddenly an excited messenger burst into the chamber.

"Sister meeker," he cried, "and members of the legislature! Circular sing-cumstance! The Eliver Olsworth's bled her buster!"

When he calmed down enough to repeat what he had said, "Mr. Speaker and the members of the legislature" learned that the "Oliver Ellsworth" had "busted her bollers," that is to say, a steamer by that name had blown up in the Hudson river.

Perhaps this excited messenger had never heard of Rev. W. A. Spooner, warden of New college, Oxford, England, but the fact is that he was giving a splendid example of the use of "Spoonerisms." Reverend Spooner had the nervous habit of transposing the first letters of two words in the same phrase. Once he prayed in public for "our queer dean" instead of "our dear queen." Once he said he cherished a "half-warmed fish" in his heart when he wanted to say a "half-formed wish." And again, after performing a wedding ceremony in a distant part of England, he inquired anxiously if it were "kiss-tomary to cuss the bride."

So his name has been perpetuated in the name for such oddities in speech—they're "spoonerisms." And in recent years Americans have become more familiar with them than ever before, thanks to a radio comedian named Oy Ratwill—I mean, Roy Atwill!

Points and Personalities

It seems that spring weather has definitely hit Hamlin, and along with it comes a sweeping epidemic of "spring fever." The symptoms and the disease have very different effects on different individuals.

In some we notice that it brings out the instinct to garden—so this may account for the new shrubs and posies in our town. In others a sluggish, do-nothing spirit is brought to light. This, we understand, is the most painful stage of the "fever"—especially when you have to keep right on working and don't receive any sympathy from the boss who spends his time playing golf or chasing around to conventions.

Another sure sign of the "fever" is itching heels, which calls for stacks and stacks of colorful and enticing travel bulletins plus hours figuring expenses, time, etc. This last symptom was noticed especially in one of our leading dry goods stores, where we found three well known personalities poring over a San Francisco travel booklet. Ah, sweet mystery of spring!

Beware! Beware! Beware! We just heard that our city officials are starting a stiff campaign to enforce traffic laws and promote safe driving in our fair city. This is a swell idea and something that Hamlin really needs. So if you don't want the law to get you, you'd better watch out.

A certain cheerful little steno who works in an insurance office has recently turned green with envy of one of her auburn haired steno friends who has recently "gone on relief." The reason, according to the last report, is that this particular little bundle of cheer applied for relief and found that she was eligible for the old age pension.

It looks very familiar to see Burn-Your-Tent Green back in town sporting his boots, hat and a new string bow tie—yes, and still talking.

H. H. S. did get a district champion! Tuesday a very attractive gold medal was awarded to Stanley Wilson, district winner in junior tennis singles. Congratulations, Stanley.

In a recent issue of this paper we wrote an article concerning two young married ladies and a drug clerk of our town. We were misinformed as to the story and, consequently, we confused names and misstated the facts concerning the case. We wish to offer this apology to them and to try to correct any wrong which we may have done. In writing this column, we do not intend to cause any hard feelings or to slander or belittle any one's character. It is written only in a spirit of good humor and fun. To those

concerned in this error, we offer our apology and we assure you that it will never happen again.

A recent inquiry has been received from a certain law student about a certain blond beauty operator standing on a street corner talking to a certain red headed book-keeper.

There was a marked vacancy in our city Tuesday when two of our well known men-about-town went to Wichita Falls to attend the West Texas Chamber of Commerce convention. As yet we've received no definite reports on the convention except that it was mighty fine. (By the way, one of them brought back a very special souvenir to show all his friends.)

We note that the secretary for the West Texas Utilities Co., who recently underwent an appendix operation, is able to return home. We, along with all her friends, have missed her and hope to see her back at her place of business soon.

Just around: Someone suggested that the easiest way to collect news would be to connect our phone to a party line . . . there may be something to that, too. . . But we wonder what we would have heard if we could have listened to the curb conversation held by four prominent business men in front of Day Hardware Wednesday? . . . Can you give us any information as to the identity of "Randy"? . . . The great question is: What is feminine headgear coming to? . . . Women's 1938 hats plus women's 1938 hair styles equals??? . . . Your guess is as good as ours. . . So long.

Less Monthly Discomfort

Many women, who formerly suffered from a weak, run-down condition as a result of poor assimilation of food, say they benefited by taking CARDUI, a special medicine for women. They found it helped to increase the appetite and improve digestion, thereby bringing them more strength from their food.

Naturally there is less discomfort at monthly periods when the system has been strengthened and the various functions restored and regulated.

Cardui, praised by thousands of women, is well worth trying. Of course, if not benefited, consult a physician.

B. Hassen is at home after a stay of three months in the Muskogee hospital. He is not strong yet, but is greatly improved. He stays but a little while each day at his store.

Mrs. Forrest Boyd and daughter, Mrs. Joe Ben Lewis of Sweetwater returned Monday from Greenville and Commerce where they visited relatives last week.

Mrs. J. W. Wallace and children, who have been visiting her mother, Mrs. W. H. Daniels since the first of the year, returned Saturday to their home in Lone Pine, California.

Every man has an appointment with success; few remember to keep it.

Isn't this the real problem of Beer —and almost its only problem?

THERE ARE people, of course, who steadfastly and sincerely believe beer to be intoxicating, or its use sinful, harmful, or a first step toward use of "hard liquor."

Just as sincerely we hold that the weight of the evidence is overwhelmingly against them...that beer is a mild, wholesome food beverage...and that "there is nothing more promising to combat the evil of too much alcohol than the opportunity of drinking good beer."

No...it is not in beer itself, we believe, that its gravest problem lies, but in those conditions, undesirable to us all, which sometimes surround its sale.

How should that problem be handled...by brewers, by retailers, by consumers, and by the public authorities? On its handling, we believe, depends the ultimate success or failure of the art and science of brewing, with all its manifold contributions to human pleasure and happiness and to the farm and industrial welfare of this country.

In that belief, a short time ago the Brewers Foundation was organized...to align the brewing industry with forces working for the public good in this country.

Our underlying motive...to perpetuate and promote our industry...is of course obvious. But equally obvious, we hope, is the fact that our interests coincide with the public interest.

Important progress has been made. Brewer-members of the Foundation already represent nearly half the production of beer and ale in the United States; and these members are

pledged, individually and collectively, to the Brewers Code, one significant clause of which is as follows:

"We pledge our support to the duly constituted authorities for the elimination of anti-social conditions wherever they may surround the sale of beer to the consumer."

Being practical men, we promise no miracles. We cannot immediately or effectively "police" the quarter-million points where beer is sold (nor, to be fair, have we legal authority in many cases to do so). Nor can we, immediately, bring about full compliance with the law among all retailers, nor honest enforcement by all authorities.

But a beginning has been made...and we do promise that you will see results from it.

How far we can go, and how soon, depends very much on ourselves...but partly also on you.

Public opinion, once aroused, can operate to bring about honest enforcement of existing laws. Restriction of your patronage only to legal, respectable retail outlets can and will operate to raise retailing standards. Public preference for the products of Foundation members* will bear witness of your approval both to members and to cooperating retailers, and will encourage them to renewed efforts.

This is, therefore, at once a statement of our objectives and an appeal for your support, without which we must fall short of our high hopes. We urgently invite your full and sympathetic cooperation.

In this space suppose you'd mark down what you would pay some average "oil-changer" for your indispensable Springtime oil change that the oldest or newest car needs badly right now.

\$

In this space then you would mark down just about the same!... which is all you will pay for making the whole great 1938 Springtime *TRIPLE-CHANGE*...

- the change to *Your Mileage Merchant's* station
- the change to his Conoco Germ Processed oil
- the change to an OIL-PLATED engine for you

Only the patented Germ Process creates an *inlay* of lubricant all over the inner engine surfaces—a *PLATING* of oil that holds as close as any other plating on your car.

Not a chance then, for cylinder walls and other delicate surfaces to drain dry every time you park. Hence not a chance of "dry starts," that can cause more wear than all your jaunts this Summer. Parent-Teacher Association Closes Year's Work

NEW OFFICERS INSTALLED

The High School Parent-Teacher Association held its last regular meeting for the year on Thursday, April 21. Mrs. W. C. Russell introduced the program which was given entirely by High School students. A group of girls from the Choral Club sang the Hamlin High School song. This song is the result of a contest sponsored by the P. T. A. The words were written by Donald Cherry and the music by Maxine Brundage and Geneva Jo Maberry. The second number on the program was "Smiling Through" sung by the Boys Glee Club.

A round table discussion on "How I Think the P. T. A. Can Best Serve the High School," was led by Lydia Garrett, who introduced Kathryn Gardner, Mary Dell Park, John Henry Vaughan, Odine Murphee, Harold Fletcher, Joyce Hudson, Cal Smith, Mary Stovall, Mary Lou Bond and Dorothy Fern Routh. Suggestions made were as follows: Physical examinations for all students; Annual Good English Week; High School Paper; Song Books for Chapel programs; Manual Training Department; A Cafeteria; Large Dictionary for each class room; Good Reference Books; Maps for History Department; U. S. A. Flag, 6'x9' for flag pole; more Social Hygiene Lectures; racks for clothes in girls gym dressing room; Dramatic and Speech Department; and Nation-

al Honor Society for High School.

At the close of the meeting Mr. C. G. Green, in words fitting the occasion, installed Mr. W. L. Fletcher as president, who responded graciously and read the names of the executive committee and helpers as follows: Mrs. Tate May, Vice-President, Mrs. R. Y. Barrow, Treas., Miss Bernice Whiteley, Secretary. Program Committee: Mrs. W. L. Cherry, Mr. G. R. Bennett, Mrs. Earl Smith, Mrs. M. Y. Wilson; Hospitality: Mr. Ted Russell, Mrs. Ted Russell, Miss Ruby Thompson, Mr. Tate May; Membership: Mrs. W. R. Calhoun and Room Mothers; Finance: Mrs. Tom Teague, Mr. and Mrs. Tom Shelburne, Mr. W. T. Cherry, Mrs. Loy Fry; Publicity, Mac Brundage, Miss Doris Pope, Mrs. Tate May. Publications and Parent Teacher Magazine, Mrs. Bob Low and Miss Lulan Vaughan.

Your BAKER knows THERE'S NOTHING LIKE TEXAS GAS FOR BAKING

Texas Bread Week

We salute the Bakers of Texas! "Texas Bread Week," which they are sponsoring, deserves the support of everyone. This industry means an annual volume of business for the state of nearly three-quarters of a billion dollars, with an annual payroll estimated at \$10,000,000.

It is the quality of breads and pastries offered to his customers that largely determines the popularity of a baker's products. That's why practically all bakeries in Texas, wherever gas service is available, use heat-controlled gas bake ovens. For every baker knows that the even heat distribution and perfect temperature control by automatic regulators which these ovens provide are essential to his success in baking quality breads, cakes, pies and pastries. And, too, his operating costs are less with gas because of its cheapness, the efficiency of modern appliances and because of thick insulation which cuts down heat losses. For baking, your baker knows gas is best.

MRS. PHIL SPARKMAN

HONORED WITH TEA

Honoring her sister, Mrs. Phil Sparkman, of Sweetwater, Mrs. William Henry Albritton entertained with a beautifully appointed tea in her home on Hope Avenue, Friday afternoon from four to six o'clock.

For the affair, the party rooms were artistically decorated with flowers chosen to emphasize the colors of white and orchid. The tea table laid with a Maderia cloth was centered with a large crystal bowl of white carnations and white clarkia on a reflector, flanked by white tapers in crystal holders. A silver service at either end of the table completed the arrangement. On the buffet was a bowl of Japanese iris and Clarkia in shades of orchid. White tapers in crystal holders burned on either side.

Guests were greeted by Mrs. Weldon Griggs who wore a dress of white satin with rhinestone trim. Mrs. Albritton's gown was printed satin in shades of white and blue. She wore a corsage of Japanese iris. Mrs. Sparkman's gown was royal blue chiffon and she wore Martha Washington geraniums in her hair. Receiving with the hostess and the honoree was their mother, Mrs. W. L. Boyd, who wore a dress of blue sheer with harmonizing corsage.

For the first hour Mrs. Tate May and Mrs. Maurice Smith, of Anson, presided at the tea table where sandwiches, cakes and mints were served, and for the second hour Mrs. J. O. Jones and Miss Pat Albritton poured tea.

Cards were received by Misses Geneva Albritton and Katherine Adkins who also said adieus.

T. E. L. CLASS MEET

WITH MRS. TATE MAY

The T. E. L. Class and associate members of the First Baptist Church met for a social hour in the home of Mrs. Tate May, Tuesday afternoon with Mmes. May, Earl Smith and W. V. Huling, joint hostesses.

Games were played and delicious refreshments of sandwiches, cake

MRS. FRANK LAWLS

and iced tea were served. Those present were Mmes. D. A. Brown, H. A. Eckler, J. I. Steed, D. A. Sandford, Tom Routh, J. L. Renfro, Z. T. Wilson, H. G. Hull, W. C. Russell, D. W. Stell and Delia McIntosh.

MRS. FRANK LAWLS

CLUB HOSTESS

The Kongenial Kard Klub met in the home of Mrs. Frank Lawlis, Tuesday, April 26.

Mrs. J. M. Bullard won high score for the club and Mrs. J. Otis Hopper for the guest. Other members and guests present were: Mmes. Bob Barrow, O. G. Harvey, Roy Holdridge, W. E. Akers, L. P. Yochom, Fred Carpenter, Ray Jones, M. T. Hudson, L. H. McBride and R. A. Wilson of Dallas.

Refreshments consisting of ice cream, cake and punch were served.

MERRY MAKERS CLUB

Mr. and Mrs. L. E. Griffin entertained the Merry Makers Club in their home at the Shell Pipe Line Station Friday evening with two tables of 84.

Following the games a salad plate with punch was served to Dr. and Mrs. Joe McCrary, Mr. and Mrs. Harold Bonner, Mr. and Mrs. Roy Gilbreath, Mr. and Mrs. Ira Clements, Mmes. Mart Farrow, H. O. Castle, Miss Pearl Hudson, and Messrs. J. W. Ezell and R. B. Wiar.

TUESDAY CLUB

WITH MRS. EZELL

Pink clarkia and purple snapdragons were used to decorate rooms in the home of Mrs. J. W. Ezell, Tuesday afternoon when she was hostess to the Tuesday Club. At the bridge tables substitute hands were played by Mmes. J. E. Moody, D. D. Harden and J. B. Eakin. High scores were made by Mrs. Eakin and Mrs. Ezell. A salad plate with a fruit drink was served.

Member present were Mmes. J. C. Culbertson, J. L. Keen, H. O. Castle, D. O. Souls, W. F. Johnson, Bowen Pope, W. J. Poe and Miss Pearl Whiteley.

MARRIED AT ROBY

Miss Maxine Kearney, daughter of Mr. and Mrs. L. T. Kearney of San Angelo and a cousin of Eddie Jay of this city was united in marriage to Mr. James Cross, a son of Mrs. Jim Cross of New Mexico, and formerly of Spur. Both of these young people have lived in Hamlin perhaps six months, being employed at the Eddie Jay Bakery.

The ceremony was said at the home of Rev. Reid in Roby at 8:30 p. m. Saturday, April 23. Only very close friends and relatives were present.

Mr. and Mrs. Cross will continue to make Hamlin their home.

McCAULLEY MATTERS

By JOHN P. HARDESTY

The Junior class of McCaulley High School sponsored a trip to the Carlsbad Caverns this week-end, favoring the Seniors. Carroll Lee, one of the official drivers of the busses left Friday morning with the following students and teachers: Seniors: Thelma Dean, Louella Rogers, Faye Lee, Pauline Weatherby, Ollie Ray Hennington, Corrine Akins, Lura Cook, Velma Cook, Christina Burnham, Betty Jo Abbott and Geraldine Henderson—Juniors: Burton Pope, Zelma Jones, Nadine Land, Estelle Gibson, Ivan Mustain, Bernice Reynolds, Red Reynolds, Lorene Picker, Ruby Shira, Jack Maberry, Owen Mason, Doyle Jones, Geneva George, Donald Hendrickson, William Shira, James Parker and Joye Andrews. Teachers—Mr. and Mrs. H. P. Powers, Hattie Logan Clay, Wileta Smith, Kenna Rector and Imogene Shulze.

A picnic was given at the home of Mrs. Wm. Fancher, Tuesday of last week, favoring Mrs. Ray Fancher of California, who has been visiting in Texas for several weeks. Her husband, Ray Fancher, is in the U. S. Navy. He with James Fancher, son of Mr. and Mrs. Jim Fancher, of this place, expects to be discharged from the Navy in December of this year. Those present were: Mrs. Clifford Fancher, mother of Ray, her daughter, Margaret and son Gerald, all of Welch, her sister, Mrs. Jim Burleson of Tahoka, Mrs. Wm. Fancher, Mr. and Mrs. Jim Fancher, Mr. and Mrs. Ted Abbott and daughter, Betty Jo; Mr. and Mrs. Ray Maberry and baby, Jo Nell; Mrs. Horace Barton and children, June and Marney Ray; Mr. and Mrs. Bill Fancher; Mrs. Eula Mustain and children, Ivan and Charlene; Mrs. G. W. Young, all of McCaulley; Robert Smith, Miss Latane Preston and Fred Hemphill of Plasterco; Milton Sanford and Robert Fowler of Hamlin; Miss Christina Burnham of McCaulley. Mrs. Ray Fancher before her marriage was Elinor Walsh of Philadelphia, Pa.

Mr. and Mrs. C. P. Yates have been in Dallas for the last ten days at the bedside of Mr. Yates' mother who has been under treatment of a surgeon. Mother Yates had an operation last Thursday. Latest report is that she is not doing so well. Mr. and Mrs. Nash Miers and children spent some time with Mother Yates, but they returned home several days ago. Mother Yates is Mrs. Miers' grandmother.

Mrs. Opal Jordan, Deputy Grand Matron, Order of Eastern Star made an official visit to the McCaulley Chapter on Tuesday afternoon of this week. Mrs. Jordan was accompanied by Mrs. Hazelwood on the trip here. Their home is in Blackwell.

The Trustees of McCaulley Independent District have re-elected all the teachers for the ensuing year. This speaks well for the progress of the school. Our community should congratulate itself on the fine spirit

of co-operation manifest on the part of the school board and faculty. Mr. and Mrs. Burl Bunkley and baby daughter have moved into the house vacated by Mr. and Mrs. Garland Davis, who moved to Weinert. Mr. Bunkley takes over the management of the R. B. Spencer and Co. Lumber yard here, while Garland Davis assumes management of the Yard at Weinert.

Again, we request that if you want an item in this column, you must get it to us by Tuesday evening. Also, be sure to get initials, names, post offices, relationship, etc. exactly as you want them to appear in print. If there is an error, please don't charge it to the writer unless you give exact information in your own writing. We want items, but they must be correctly given.

A prominent citizen of Anson, told us, that he reads this column. We feel encouraged to keep it going. If you like it, say so. If you do not, keep it to yourself. We need boosters, not browbeaters.

Several candidates have been in our midst the last few days. Among them were Judge Carl C. Wilson County Judge; Joe Fender, of Rotan, who is running for County Attorney, and Howard C. Davison, running for District Attorney. Howard is "homefolks," having been reared here. All these good friends called to see the writer and to inspect the new parsonage. Each of them have a substantial investment in the new home, and therefore were interested directly in the enterprise. Others will be welcomed.

A good rain visited the McCaulley section Tuesday night. It looks as if this will be a wet year for us. Most farmers have been kept out of their fields for some time on account of too much moisture to play and plant. But there is plenty time for planting and growing a good crop.

The Methodist congregation has changed their night service on Sunday to the afternoon at 5 o'clock. This writer worshipped with them last Sunday afternoon and heard Pastor Bateman deliver a good message. This seems like a good arrangement, for those who prefer to not be out at night (old people in particular) may have their two sermons as usual on Sunday. And those who care to go at night may have an extra sermon if their jug will hold it. This by attending services elsewhere, locally or out of town.

The Senior B. Y. P. U. rally of Fisher County association will be held at Sardis church, Friday night, May 13. This meeting was not held last regular time on account of the bad weather.

A near tragedy was narrowly averted Tuesday evening about 8:30 when Vernon and J. C. Maberry's Ford V-8 failed to negotiate a turn in the road near the Albert Gallo-way home. Both the boys, brothers, whose home is at Sylvester, were badly bruised, the car badly wrecked. The boys were taken to Hamlin hospital by Alf. Hemphill, where they received treatment. Favorable report on their condition has been received.

B. F. Short has received word that his father, C. L. Short, of Gorman,

who has been in failing health for several years, is quite ill. Mr. and Mrs. Short visited the father a few days ago.

WASHINGTON NEWS

FROM CONGRESSMAN
CLYDE L. GARRETT

BANKER—Through its various lending agencies, the Federal government has become the U. S.'s greatest banker. The government is equipped at present to loan money to business men, to state and local governments for construction, to individuals for home construction, and to farmers for crops. All these are brought about through the Reconstruction Finance Corporation; the Public Works Administration; the New Housing Authority and the Commodity Credit Corporation. The government's present banking operations involve \$7,608,000,000 in loans and in total assets \$11,800,000,000. Against this is a total liability of \$7,373,000,000.

RAILROADS—A bill drafted by Chairman Wheeler is likely to speed railroad reorganizations. At this session the only proposals likely to be enacted for railroads are revisions of reorganization procedure, repeal of the law under which the government is given special rates for freight from land-grant carriers and to enable railroads to purchase equipment with a loan of \$300,000,000.

SOME W. P. A. ACCOMPLISHMENTS—40,000 miles of new highways, and many more miles of secondary roads and street improvements;—19,000 bridges, and 13,000 bridges reconditioned;—185,000 culverts, 105 new airplane landing fields, and improvement of 109 others;—12,000 public buildings such as schools, libraries, fire houses, armories, and improvements in 934 others;—4,000 miles of new water lines;—5,700 miles of sewer mains;—1,400 medical clinic and 815 dental clinics constructed.

POSTMASTER APPOINTMENTS—A proposition to put postmaster appointments back under the spoils system, was rejected. When Senator McKellar of Tennessee registered a bill recently, permitting Congressmen to recommend appointees for postmasterships from among the three standing highest on eligible lists, a 49-20 vote in the Senate threw out the bill and substituted instead, the one introduced by Representative Ramspeck of Georgia which is designed to tighten civil service requirements.

NAVAL CONSTRUCTION—Favorably reported by the House Committee on Naval Affairs is a bill limiting profits on naval construction-contracts to 10 per cent of the contract price and all such profits in excess of 10 per cent to be paid into the treasury. Losses on naval contracts would be allowed as a credit for the next succeeding income taxable year, according to this bill. Bills were also approved by the committee authorizing the Navy to sell scrap metals to accredited schools, colleges, and universities for use in vocational training; authorizing training of citizens for navy duty at naval stations for short periods; and authorizing a naval works program of \$6,000,000.

65 AND OVER—Nearly eight million persons in the U. S. have reached or passed the critical age of 65. Particular interest attaches to them because of state and federal legislation recently enacted to bring them a measure of economic security. At the beginning of 1937 there were three large groups of aged (each numbering about one million persons) who possessed or received some form of income: persons with current earnings, persons with savings, and those in receipt of public assistance (old-age assistance and aid to the blind) under the Social Security act. In addition, there were three smaller miscellaneous groups: one of about half a million (574,000) persons who received Federal, state, municipal, and private pensions, insurance annuities, and so forth; a second of about ¼ of a million

Out of a total of about 7.8 million persons 65 or over on January 1, 1937, in the continental U. S. and Alaska and Hawaii, it is believed that: Approximately one-third (2.7 million) were self-dependent. Approximately one-fifth (1.6 million) were supported wholly or partially by public or private social agencies. Between two-fifths and one-half (3.5 million or 45%) appear to have been essentially dependent on friends and relatives. Approximately two-thirds (5 million) were supported wholly or partially by public or private social agencies or were dependent on friends and relatives.

A COMMENTABLE COMMENT

A PARABLE ON GOVERNMENT

—There is a prayer used in the Church of Scotland before the opening of Parliament which runs something like this: "Bless, O Lord, the two Houses of Parliament now assembled and overrule their deliberations for the people's good." Overrule, mark you, not guide or direct, the assumption being that they are almost certain to be wrong. I would take these words as a parable, for

they might well be our attitude toward life and that law and government without which life cannot be lived. We dare not overvalue authority, since we know it is our own creation, but we dare not undervalue it.—Lord Tweedsmuir, Governor-General of Canada, in The Rotarian Magazine.

SUNSHINE SHOWER MEETING

Mrs. C. L. Sellers, of Hitson community surprised her sister, Mrs. I. A. Milliorn in Hamlin with a sunshine shower and prayer meeting Thursday afternoon at 2:30.

Mrs. L. P. McCrary conducted the prayer services. Miss Lila Bell Moore played the piano, Miss Lela Meeks and Miss Moore sang several special songs. After prayer services a large box of gifts were presented to Mrs. Milliorn, and refreshments consisting of chicken sandwiches, olives, sun set cake, and hot chocolate were served to Mmes. I. A. Milliorn, L. P. McCrary, T. M. Hill, W. L. Meeks, J. A. Daniels, Albert Cowley, S. B. Leslie, Roy Kelly, G. W. Calbert, L. L. Hill, A. R. Smith, Bill Milliorn, C. L. Sellers; Misses Adelle Foote, Lila Bell Moore, Lela Meeks and Margaret Sellers.

Mrs. J. A. Tate recently returned from a visit with her daughter, Mrs. R. Y. Cloud, of Nixon, Texas, and her niece, Mrs. Harry Glasscock, of Kelly Field. Mrs. Cloud returned with her mother for a short visit.

A surgeon, an architect, and a politician were arguing as to whose profession was the oldest.

Said the surgeon: "Eve was made from Adam's rib, and that surely was a surgical operation."

"Maybe," said the architect, "but prior to that, order was created out of chaos, and that was an architectural job."

"But," interrupted the politician, "somebody created the chaos first!"

AIM

An aim in life is the only fortune worth the finding; and it is not to be found in foreign lands, but in the heart itself. — Robert Louis Stevenson.

Mrs. T. M. Hill and Mr. and Mrs. Loris Hill were called Sunday to Justiceburg by the death of a grandson of a brother of Mrs. T. M. Hill. They returned Monday. The boy was 15 years of age.
